General Tod Wolters.

We are writing to you in reference to your attendance at an MEK meeting in January 2025 in Paris.

Mujaheddin-E-Khalq (MEK), an Islamic Marxist cult, has a documented history of terrorist activities. As you well know, MEK is responsible for the assassination of several American citizens in Iran, including a long history of acting as mercenaries for Saddam Hussein during the Iran-Iraq war against the Iranian nation and Iraqi Kurds.

Because of their terrorist activities, MEK was placed on the US Foreign Terrorist Organizations (FTO) list in 1997 until 2012, when their name was removed from the FTO list for dubious political reasons. The atrocities of MEK and their cultish and abusive behavior toward their own members are fully documented.

For these reasons, the MEK is as despised amongst Iranians, at home and abroad, as the present ruling terrorist regime in Tehran.

Most Iranians, both republicans and monarchists, now support Prince Reza Pahlavi's leadership in toppling Iran's Islamic regime and installing a democratic, secular government that upholds Human Rights.

In addition to not assisting Iranians in achieving their objective, taking part in MEK events indicates that the US and Europe are endorsing a terrorist organization as a substitute for the actual Islamic terrorist regime.

Please consider that the MEK has no future in Iran and that the Iranian people strongly oppose it.

Most Respectfully

Assadollah Nasre-Esfahani (former minister)
