Dear Mr. Diaz-Balart.

I am writing to you on behalf of Iranian Democracy Front. A collection of freedom loving Iranian with common goal to bring a sustainable democracy to the country.

In HR 166, you have sided and supported terrorist group of MEK, whom with the help of Saddam's gold scrounging to buy themselves sheepskin camouflaging their criminal past.

I am appalled to see that honorable person like you, falling prey to these despicable and disgraceful group whom in the past taken arms against their own countrymen and siding with enemies foreign and domestic.

Make no mistake about it, MEK has no roots and no place in the future of our homeland. Your presence with these folks brings nothing but shame and ill faith to your reputation.

Honest, and honorable Iranian need representatives like you to be on their side, not with the enemy.

We support, prince Reza Pahlavi, who represents the majority of freedom seeking Iranian (republican and monarchist), and we ask you to abandon supporting the enemies and side with real people of Iran.

Respectfully

Assadollah Nasre-Esfahani (former minister)
